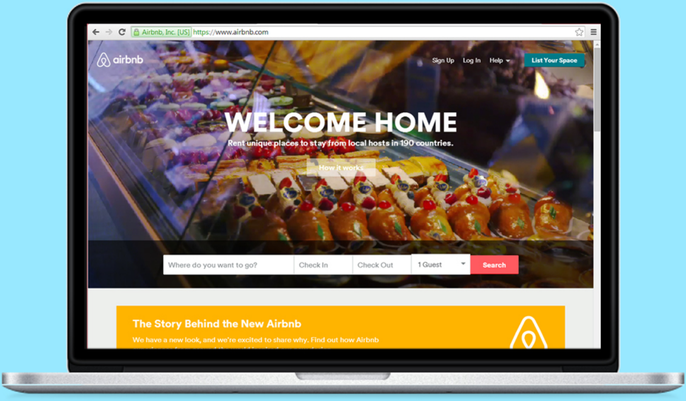
AIRBNB CLONE:

EXECUTIVE SUMMARY:



Rent unique places to stay from local hosts in 190 countries.

We have a new look, and we're excited to share why. Find out how Airbnb

Airbnb Clone, being developed, replicating the core functionality's of the very famous Airbnb Portal, is an online marketplace, allowing its users to search for A-class properties across the globe and avail the luxuries of a niche lifestyle.

The Clone being developed concerns not only with the Vacation rentals. The richness of the solution lies in the very fact that it is highly customizable, giving our Clients ample flexibilities to manipulate the same in accordance to their Business requirements.

This fact is the major contributor in giving a steep boost to the Solution and making it a great hit in almost no time.

We are modifying the solution for a variety of purposes, thus serving our Customers with a completely different version of the same.

KEY ADVANTAGES:

- A readymade and effective rental solution script
- Highly scalable & Customizable
- Manage your own property
- Manage Calendar & prices
- List your space
- Multilingual website

- Glitch free clone solution
- Social networking sites integration
- Google Map Integration
- Coupon code system
- Message System
- Referral system
- SEO friendly
- Administrator has full control

POTENTIAL TRANSMUTATIONS:

We are capable of offering the tailor made Solution with this clone script, imparting variations into it ranging from minor Cosmetic Changes to transformation of the core concept as well.

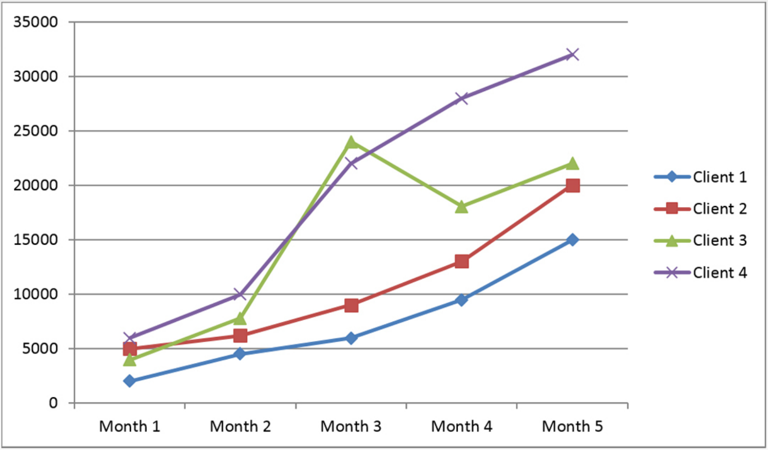
Talking over a few variations being deployed from our end, of the same:

- ✓ Restaurant Listing
- ✓ Events Listing
- ✓ Service Listing
- ✓ Property Listing (For Sale)
- ✓ Hostels & Paying Guest Listings
- ✓ Tattoo Artists Listings
- ✓ Designers Listing

AIRBNB SUCCESS STORY:

Airbnb could never have been a hit, if we hadn't left a room for the Customizations into it. Our esteemed clients are highly satisfied with the richness we impart in the code we created and the look we endow to it.

To share the Current status of our clients, please review it below:



The statistics mentioned above are considering our first initial clients, who get associated with us when we launched initially. The Variations in the statistics being shown are dependent upon the nature of the business of the respective clients.

- Client 1: Event Listings
- Client 2: Pure Vacation Rentals
- Client 3: Vacation Rentals with Property for sales listing
- Client 4: Service Listings (We endow them with our SEO/SMO services as well)
